### JACKSON CUBS CONTINUE SOUTHERN LEAGUE WINS

BEAT ATLANTA BRAVES 6-4 SUNDAY

The Jackson Cubs continued wins and were still undefeated in Southern League play as they beat the youthful but highly rated Atlanta Braves 6-4 at Brown's Stadium here Sunday afternoon.

The Braves got off to an early lead when Jones, the pitcher, batting in the clean-up spot, lashed a double to the right field wall for two runs.

The Cub half of the third frame opened with Norwood blasting a low fast pitch over the right field fence to tighten the score 4-2 in favor of the Braves.

From the Cub half of the third, still unruffled by Norwood's blast over the right field wall, Jones, the young Atlanta lefthander who defeated in three years of Atlanta high school play, held the Cubs hitless and scoreless until the last of the eighth when a flock of errors and two walks and one hit netted the Cubs 4 runs and put them in the lead by a 6-4 score.

In the fifth, Manager Henderson sent in Lefty Smith, the ex-Lanier High School star, to replace Jackson on the mound for the Cubs.

For the five frames during which he worked Smith did not permit a run and held the Atlantas to one hit while striking out five.

Jones, the young Atlanta star, went the distance and but for errors in crucial spots would have held the 4-2 lead the Braves took over Jackson Cubs' Carter.

This Sunday the Cubs will tangle for the first time with the Mobile Skippers, noted as the best team in the league.

### Boxing Board Names Negro As Official

DETROIT—A Negro has been named secretary of the Michigan State Athletic Board of Control.

William C. Matney, managing editor of the Negro weekly Michigan Chronicle, was named to the boxing board last week.

This elevation gives Matney the highest post ever held by a Negro in the officialdom of the world of sports.

### Carter Whips Williams To Take Crown

New York, May 25.—James Carter, virtually unknown New York Negro who had lost two of three 1951 fights, wrenched the world lightweight title from Ike Williams tonight with a stunning technical knockout victory in 2:49 of the 14th round at Madison Square Garden.

Williams, holder of at least part of the crown since 1945, underwent a tortuous 90-minute ordeal this afternoon making the 135 pounds class limit. Carter weighed 133.

The new champ, born in Aiken, S. C. 27 years ago, but raised in the Bronx, dropped the old champ four times before Referee Pete Scalzo stopped it to save groggy Ike from serious injury.

Because Carter was ranked 12th among the contenders in its latest ratings, the National Boxing Association refused to sanction this as a title bout. But the New York State Athletic Commission gave its blessing.

Carter, bidding his time while Williams shot the works early, dumped Williams for five with a long right to the left temple midway in the fifth. It was a shot out of the blue as Williams seemed complete boxing master up to that time.

Carter swarmed over Williams with a body attack that sent him sailing through the ropes onto the ring apron in the tenth. He got back at the count of four.

In the 14th Carter, who seemed to have been coasting for a couple of rounds, rocked Williams with a left-right-left and down he went for six. He came up groggy. As Carter poured it on for the kill, Scalzo stopped it.

### White Sox Sign Two Negro Stars

GRAMBLING — Negro college baseball players are finding posts in big league baseball. Two Grambling college players have been signed by the Chicago White Sox. White Sox scouts had been observing the players several weeks.

The players are outfielders, Frank Ensley and Crawford Neal. They report to Superior May 23, to two days after they are graduated. They become members of Sox.

wife of Don Newcombe, ace pitcher for the Brooklyn Dodgers. This will be his first child. Don is hoping for a boy, but the madame is noncommittal.

With the arrival of the little heir, big Don will join other family men among the colored stars in big time baseball.

Jackie Robinson and his wife have a boy and a girl. The Roy Campanellas have three boys, and Sam Jethroe a daughter. Larry Doby has one child; Monte Irving, two and Hank Thompson's wife, one by another marriage.

### DuBois Trial Put Off Until October

WASHINGTON—(ANP) — The trial of Dr. W. E. DuBois and four other officials of the Peace Information Center, scheduled to begin here last Monday has been postponed until Oct. 3.

The postponement was granted by Judge Alexander Holtzoff to give the defense attorneys enough time to take deposition from officials of the World Peace conference in Europe.

It is believed that these testimonies will aid the defense in disproving the charges that the Peace Center of New York was affiliated with the international organization.

### Basketball Fix Charged Against Four Negro Cagers

NEW YORK—Four Negro cage aces have been indicted in 1950-51 basketball games in Madison Square Garden.

Among the 12 indicted the four Negro stars are: Edward Warner, CCNY, 5 counts and receiving bribes totaling \$4,000; Floyd Lane, CCNY, four counts and bribes of \$2,750; Leroy Smith, LIU, five counts and bribes of \$2,750, and Sherman White, LIU, seven counts and bribes of \$6,750.

Convictions can result in maximum fines of \$10,000 and 10 years imprisonment.

### Jackie To Have Operation At End Of Season

BROOKLYN — Jackie Robinson, star Brooklyn Dodger second baseman will undergo the surgeon's knife as soon as the current baseball season ends. This has been advised by Doc Wendler, the Dodger physician as "the only thing that can cure Robinson's knee."

Robinson is suffering from what is known to the gridiron trade as "football knee." A loose cartilage floating around in his right knee must be removed.

"When it gets out of place," Wendler told Jackie, "the knee locks and you have to wait for it to snap back. I've seen guys going down the field under kickoffs suddenly collapse for no reason at all. Their knees had locked."

Wendler, however, indicated he didn't think the knee serious.

class B. Superior, Wisconsin team in the Wisconsin state league.

Neal is rated as a heavy slugger who hit 15 homers last season. Ensley made a name for himself by his excellent fielding and his ability to steal bases.

Grambling, a Negro school here, has an enrollment of about 1,000.

### Negro Schools Get \$102,000 In Education Grants

ATLANTA, Ga., May 28 — Grants to public and private Negro schools in fifteen Southern states announced Friday by directors of the Southern Education Foundation, included a total of \$8,200 for Negro education purposes in Georgia. Executive Director J. C. Dixon said.

Atlanta University received two grants of \$1,500 each to be used in the school of Education to train school principals and supervisors, Mr. Dixon said.

He said the Georgia Department of Education also will receive \$5,500 under the foundation's program of assisting Southern states in the work of county school supervisors.

Grants announced Friday by the foundation totaled \$102,000. Mr. Dixon indicated and the largest share — approximately \$60,000 — will go directly to state departments of education. The remainder of the grants was for professional training of school administrators, workshops and special projects.

The Southern Education Foundation, which now has headquarters at 811 Cypress St., N. E. was formed in 1937 by consolidation of the Peabody Education Fund, the John Slater Fund and the Anna T. Jeannes Foundation.

### Report New Communist Effort To Grab NAACP

NEW YORK—According to the New York Herald Tribune of May 13, Communist party members recently were ordered to infiltrate the National Association for the Advancement of Colored People and wrest control of the organization away from the "petty bourgeoisie Negroes who are carrying out the policy of Wall Street." At the same time, says the Herald Tribune, party members were ordered to conduct a "more vigorous program of infiltration in the

officials were indicated under the Foreign Agents Registration Act of 1938 for failure to register as foreign agents. If it can be proved that this organization was not an affiliate of the international body, it will not be considered a foreign agent, therefore, will not be required to register as such.

Attorneys for the defense accompanied by government attorneys are expected to go to Europe to take testimony from officials of the Peace conference in Paris and London to be used as evidence in the case.

In the meantime the National Committee to Defend Dr. W. E. B. DuBois has retained the services of Vincent Halland a West Coast lawyer, to assist in the defense of this case. Halland defended Harry Bridges, West Coast labor leader, in his recent deportation trial.

### Dr. J. H. Jackson .

(Continued from Page One) were no secret places for the discovery of weapons of destruction and their private studies were not haunted by dreams of mass murder and world destruction. But today, some of our best minds are harnessed for the slaughter of mankind and the overthrow of some of the highest achievements of civilization.

"To off-set this tragic condition, institutions of learning and especially schools of religion must concentrate today on the matter of creative living and constructive moral and spiritual endeavor. Our schools of religion must be centers where disciples of Eternal Truth are made. Those of us who are out in public life feel the need for more than the latest theories on the nature of God. We desire to be helped in arriving at a method and a pattern of human behavior that is constructive and creative. We look to these schools of the prophets for leaders who have learned of the ways of life and who will come forth charged with a knowledge, a passion and a vitality that will not only off-set the modern tendencies in the fields of science and politics, but will shed a redemptive and creative influence upon the forces of decay in a national and international situation. In order to do this, we must possess at least three certainties.

"First, there must be the certainty of the existence of the creative and redemptive center of reference in the universe. This center of reference must be worthy of worship or our chapels must be disregarded and our cathedrals and churches become relics of the past. Also, this center of reference must be redemptive, for there is no hope for a sinful world unless there be in our presence, some force, power or personality that can lift and redeem. It seems to me that the center of reference must not be less than that which is set forth in the

(Negro) churches." The paper says the party inner circle blamed its loss of influence and power among Negroes jointly upon the Negro churches and the NAACP and therefore urged its members to renew efforts in these two fields.

The NAACP adopted a strong resolution against Communist infiltration at its convention in Boston last June, calling upon the Board of Directors to take the necessary steps to execute it. A committee headed by Dr. J. M. Tinsley of Richmond, Va., is handling the matter.

teachings, mission and life of Jesus of Nazareth.

"Second, we must recognize man, though a sinner, yet is worthy of salvation. Man can not be less than a sinner if he is to be the object of our Christian message. A sinner is a good man who has gone wrong. He has in him elements of the good, consciousness of the good or he could not hear and respond to the good. If man be beast without soul a mere tool of the state and a helpless cog in a Godless economic system, then, there is no hope. He is too much corruption to respond to salvation, too low to be lifted, too must lost to be found and too dead to live eternally.

"The third certainty is, there is a vital and creative connection between our lofty center of reference in our universe and sinful man who longs for liberty and strives for redemption. Man as sinner can not save himself. He needs a power greater and more lofty than himself and that power must be close enough to him to help, to heal and to save. The world outside will not

be satisfied with a gospel less than this. Without these certainties preaching will be difficult and maybe impossible."

At the close of the address, both students and faculty members were loud in their applause, deep in their appreciation and thought. Some members of the faculty said the address was basic and a challenge to religious thinkers and students. They admitted that the task of theological education as outlined by the speaker was a serious and a challenging one. Many left saying: "WE MUST HEAR HIM AGAIN AT SOME FUTURE CONVENT SEASON!"
